Philosophy

What is a Christian School?

It is a non-public, privately funded school which gives instruction in all subjects normally taught in private and public schools, and which seeks at all times to give a central place to the Bible and Christian truth.

Why have a Christian School?

The Word of God provides our answer:

- "And these words which I command you this day shall be upon your hearts and you shall teach them diligently to your children." Deuteronomy 6:6,7
- "Train up a child in the way he should go and when he is old he will not depart from it." Proverbs 22:6

A Christian school exists so that a child may be led into a close relationship with God through a sound educational program. Education must do more than prepare us for life on this earth; it must begin to develop in us a Biblical worldview by which we see God's handiwork in all things.

Why is a Christian School unique?

The power of God in the Holy Spirit through the Word is the force which enables it to accomplish its purpose. A special student-teacher relationship exists. The Christian educator sees each child as someone for whom Christ died.

All phases of learning are directed toward a single goal: Life in Christ.
