

S.C.A. DRESS CODE

Rationale and Purposes of Standardized Attire at S.C.A.

Shrewsbury Christian Academy has chosen to require standardized attire for its students. This attire is beneficial for the students as well as the school for the following reasons:

- The students are thus encouraged to express their individuality through personal and academic achievements, rather than focusing on a fashionable appearance.
- This attire can be less expensive for families, and can lessen the frustration of the morning routine.
- Standardized attire fosters a student's sense of belonging, unity and pride in his school, which can assist in building school and team spirit.
- It ensures that all students are safely and modestly dressed for school activities.
- It eliminates the pressure to wear more elite clothing.
- Clearly identifies Shrewsbury Christian Academy students from visitors that enter the school, and distinguishes them from other students on field trips.
- It suggests an orderly, distinctive, and unified image of the school.

Much thought and planning has gone into the design of the attire. The attire has been chosen with the following in mind:

- Items should be reasonably priced, so as not to exclude anyone.
- Items should be neat looking, and easy to take care of.
- Items should be able to be passed down, with upper grades having some of the same items as lower grades.
- Items should be readily available, at all times of the year.
- Items should be modest and honoring to the God we serve.
- Items should be of a "classic" look, so as not to appear dated nor of the latest fad.
- Items should not detract from the educational experience, but should enhance it.

Recent Dress Code Changes for the upcoming school year:

All students are now allowed to wear both navy and khaki pants. All navy polo shirts must have the embroidered school logo. The plan is to go towards all polo shirts having the embroidered logo eventually. Please plan accordingly when you purchase for upcoming years. We are also asking that belts not be worn in preschool.

The logo for our shirts has been simplified. Null Specialty Printing has the artwork and can be contacted for shirts. They have arranged for embroidery to be done on shirts that you already own as well, if you are interested. The contact info for Null Specialty Printing is 717-854-1531 for phone, 717-718-5398 for fax, and www.NullSpecialtyPrinting.com. We have also partnered with Lands' End as a Preferred School Provider. If you order from Lands' End, please use our preferred school number: 9001-3219-2.
